- Recycling water and waste – full outfit is from Vinnies – trying to be more sustainable in the way I live
- Recycling is not an easy task when you have created these habits over many years – council is constantly aware and constantly trying to change habits of the community
- See the he community plan as community data and an insight into what our community thinks
- The algorithms you get from Facebook gives you a direct indication of what the community is thinking

Cr Mather

- Portfolio is infrastructure including Roads
- Gravel roads. Council needs to recognise these as our assets an look after them
- Rural Fire Brigades are having rolling meetings around the shire – key issue with all of them is communication! Many things have been done well but many areas need improvement.
