

**Resident asked what has council done for Nerimbera that compensates for the rates they pay.**

Council advised that rates are a tax and you cannot compare the rates to what has been done in region.

**Can Council consider expanding the waste collection area to include Emu Park Road residents?**

Council advised that it is currently reviewing its waste strategy and as part of this can include this request.

[Request #530723](#)

**Can Council consider approaching Rockhampton Regional Council to collaborate with them for a voucher system to be used at the Rockhampton landfill? Similar concept to the library membership.**

Council advised that it would also include this in the waste strategy review. [Request #530723](#)

**Resident asked about divisions and if Livingstone would/is considering bringing divisions back?**

Council advised that it does not have the opportunity to change this now as the State Government only gives you one opportunity after forming to do this and Livingstone chose to have no divisions. You could however, write to the minister and request.

**Resident raised concern about the criteria for road sealing and the unfairness of the one policy having the same criteria for a 400m road and a 100km road and asked if Council can review this.**

Council advised that it would log this request. [Request #530859](#)

**Resident raised concern about the dust issue on Barkers Road. Heavy vehicles constantly using the road, which creates huge dust clouds for the houses in this area**

Council advised it would log this request - [Request #530857](#)

**Nerimbera Community groups asked if Council would consider funding a new disabled toilet for the building.**

Council advised that the group could apply for a community grant from Council but would require support from the owners.
