# Region overview

The resident profiles provide details on a range of topics for people who live in the region. For some topics, more detailed data are available through the [Queensland Regional Database](#) (also known as QRSIS), developed and maintained by the Queensland Government Statistician's Office, Queensland Treasury.

Custom region comprises the six statistical area level 2s (SA2's) of Emu Park, Glenlee - Rockyview, Rockhampton Region - East, Rockhampton Region - North, Shoalwater Bay and Yeppoon.

Custom region has a total area of 11,786.9 km<sup>2</sup>, with an average daily temperature range of 17.8°C to 27.1°C and an average annual rainfall of 920 mm.

Data for Custom region are based on Australian Bureau of Statistics (ABS), Australian Statistical Geography Standard (ASGS), July 2016.

Queensland has a total area of 1,734,238.8 km<sup>2</sup>, with an average daily temperature range of 16.4°C to 30.0°C and an average annual rainfall of 637 mm.

Data for Queensland are based on Australian Bureau of Statistics (ABS), Australian Statistical Geography Standard (ASGS), July 2016.

This profile should be read in conjunction with the abbreviations and explanatory notes provided at the rear of the profile.

# Demography

## Estimated resident population

The estimated resident population (ERP) figure is the official population estimate. For sub-state geographies, ERP figures are updated annually using a model which includes administrative data that indicate population change, such as registered births and deaths, dwelling approvals, Medicare enrolments and electoral enrolments. Data in this profile topic are updated annually with an approximate delay of 9 months after the reporting period. The next planned update is in April 2018.

As at 30 June 2016, the estimated resident population for Custom region was

# 37,455 persons

### Custom region

- ERP of 37,455 persons as at 30 June 2016
- Average annual growth rate of 2.3% over five years
- Average annual growth rate of 2.4% over ten years
- Within the region, Yeppoon SA2 had the largest population with 18,762 persons
- Within the region, Emu Park SA2 had the fastest population growth over five years with 3.3%

### Queensland

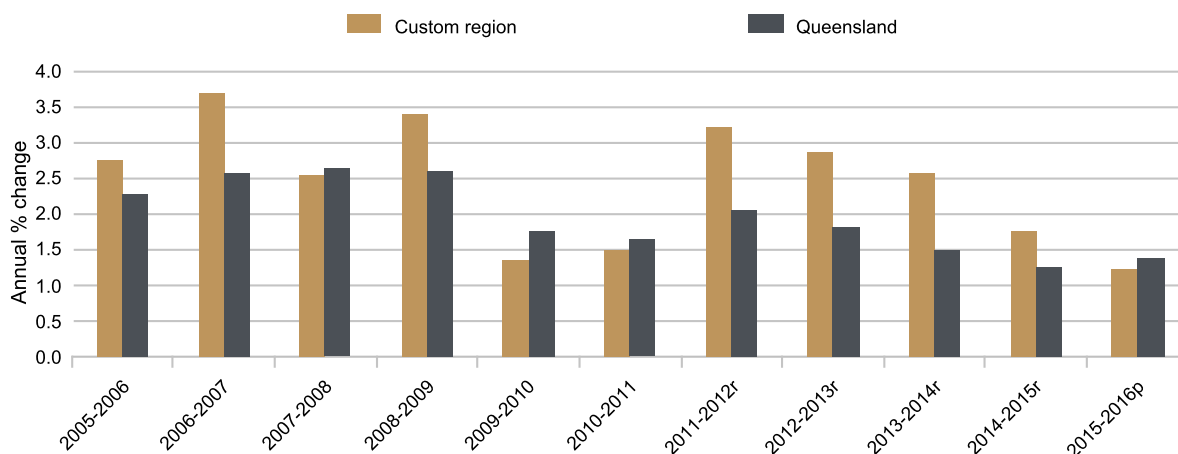

- ERP of 4,843,303 persons as at 30 June 2016
- Average annual growth rate of 1.6% over five years
- Average annual growth rate of 1.9% over ten years

**Table 1 Estimated resident population by SA2, Custom region and Queensland**

## Population by age and sex

The estimated resident population (ERP) figure is the official population estimate. For sub-state geographies, ERP figures are updated annually using a model which includes administrative data that indicate population change, such as registered births and deaths, dwelling approvals, Medicare enrolments and electoral enrolments. Data in this profile topic are updated annually with an approximate delay of 12 months after the reporting period. The next planned update is in September 2017.

As at 30 June 2015, the proportion of the estimated resident population aged 65 years and over for Custom region was

# 16.2%

### Custom region

- 19.6% aged 0–14 years as at 30 June 2015
- 64.2% aged 15–64 years
- 16.2% aged 65+ years
- Within the region, Yeppoon SA2 had the largest percentage of persons aged 0–14 with 20.2%
- Within the region, Glenlee - Rockyview SA2 had the largest percentage of persons aged 15–64 with 70.6%
- Within the region, Shoalwater Bay SA2 had the largest percentage of persons aged 65+ with 100.0%

### Queensland

- 19.8% aged 0–14 years as at 30 June 2015
- 65.9% aged 15–64 years
- 14.4% aged 65+ years

**Table 2** Estimated resident population by age and SA2, Custom region and Queensland, 30 June 2015p

## Median age

The median age is the age at which half the population is older and half is younger. These median age estimates have been calculated by the ABS and Queensland Treasury using single year of age estimated resident population data. Data in this profile topic are updated annually with an approximate delay of 12 months after the reporting period. The next planned update is in September 2017.

As at 30 June 2015, the median age for Custom region was

# 41.8 years

### Custom region

- Median age of 41.8 years as at 30 June 2015
- Increase of 2.1 years from median age of 39.7 years as at 30 June 2005
- Within the region, Shoalwater Bay SA2 had the highest median age of 67.5 years
- Within the region, Shoalwater Bay SA2 had the largest increase in median age from 30 June 2005 to 30 June 2015 with 31.0 years

### Queensland

- Median age of 36.9 years as at 30 June 2015
- Increase of 1.0 years from median age of 35.9 years as at 30 June 2005

**Table 3 Median age by SA2, Custom region and Queensland**

Custom region / SA2 / State	As at 30 June			Change
	2005	2010	2015p	2005–2015p
	— years —			years

## Population projections

The 2015 edition of the Queensland Government population projections are generated by applying assumptions regarding future trends in the components of population change (fertility, mortality and migration) and the latest planning and development intelligence available. Data presented in this profile topic are based on the medium series and are updated twice every five years. The next planned update is in January 2018.

From 2011 to 2036, the population for Custom region is projected to increase from

**33,394 persons to  
57,042 persons**

### Custom region

- Population projected to be 57,042 persons as at 30 June 2036
- Increase of 2.2% per year over 25 years
- Within the region, Yeppoon SA2 is projected to have the largest population as at 30 June 2036 with 29,780 persons
- Within the region, Emu Park SA2 is projected to have the fastest growth in population from 30 June 2011 to 2036 with an average annual rate of 3.7% per year

### Queensland

- Population projected to be 6,763,153 persons as at 30 June 2036
- Increase of 1.7% per year over 25 years

**Table 4 Projected population by SA2, Custom region and Queensland**

Custom region / SA2 / State	As at 30 June						Average annual growth rate
	2011 <sup>(a)</sup>	2016	2021	2026	2031	2036	2011–2036

## Median age projections

The median age is the age at which half the population is older and half is younger. These median age projections have been calculated by Queensland Treasury using the Queensland Government population projections, 2015 edition. Data presented in this topic are based on the medium series. Data in this profile topic are updated twice every five years. The next planned update is in January 2018.

As at 30 June 2036, the median age projection for Custom region is

# 46.7 years

### Custom region

- Median age projection of 46.7 years as at 30 June 2036
- Increase of 4.2 years from a median age projection of 42.5 years as at 30 June 2016

### Queensland

- Median age projection of 39.9 years as at 30 June 2036
- Increase of 2.6 years from a median age projection of 37.3 years as at 30 June 2016

**Table 5 Median age projections by SA2, Custom region and Queensland**

## Indigenous population

Indigenous population is based on the 2011 Census of Population and Housing question about Indigenous status where each person is asked to identify whether they are of Aboriginal and/or Torres Strait Islander origin. This is based on persons by place of usual residence.

### Custom region

- 1,109 persons (or 3.4%) were Indigenous
- Within the region, Glenlee - Rockyview SA2 had the largest percentage of Indigenous persons with 4.3%

### Queensland

- 155,824 persons (or 3.6%) were Indigenous

The percentage of Indigenous persons in Custom region was

**3.4%**

**Table 6 Indigenous status by SA2, Custom region and Queensland, 2011**

Custom region / SA2 / State	Indigenous persons					Non-Indigenous persons		Total persons <sup>(b)</sup>
	Aboriginal	Torres Strait Islander	Both <sup>(a)</sup>	Total		number	%	number

## Births and deaths

Birth and death statistics are an estimate of the number of births and deaths that have been registered in Australia's state and territory Registries of Births, Deaths and Marriages over a calendar year. These estimates are useful for two distinct purposes – use as a component of population growth and for analysis of fertility and mortality. Data in this profile topic are updated annually with an approximate delay of 12 months after the reporting period. The next planned update is in November 2017.

The number of registered births in 2015 to mothers with a usual residence in Custom region was

# 407 births

### Custom region

- 407 registered births in 2015
- 221 registered deaths
- Within the region, Emu Park SA2 had the largest crude birth rate with 13.1 births per 1,000 population

### Queensland

- 61,745 registered births in 2015
- 29,782 registered deaths

**Table 7 Registered births and deaths by SA2, Custom region and Queensland, 2015**

## Migration 1 year ago

Migration one year ago compares the usual address of household members on Census Night 2011 (9 August 2011) with their usual address one year earlier (i.e. 9 August 2010). This is based on persons by place of usual residence.

The percentage of persons in Custom region with a different address one year ago was

# 16.8%

### Custom region

- 24,416 persons usually resided in the same address as one year ago
- 5,425 persons (or 16.8%) usually resided in a different address one year ago
- Within the region, Yeppoon SA2 had the largest percentage of persons with a different usual address one year ago with 21.1%

### Queensland

- 3,278,187 persons usually resided in the same address as one year ago
- 764,695 persons (or 17.9%) usually resided in a different address one year ago

**Table 8 Place of usual residence one year ago<sup>(a)</sup> by SA2, Custom region and Queensland, 2011**

## Migration 5 years ago

Migration five years ago compares the usual address of household members on Census Night 2011 (9 August 2011) with their usual address five years earlier (i.e. 9 August 2006). This is based on persons by place of usual residence.

The percentage of persons in Custom region with a different address five years ago was

# 42.6%

### Custom region

- 15,055 persons usually resided in the same address as five years ago
- 13,053 persons (or 42.6%) usually resided in a different address five years ago
- Within the region, Yeppoon SA2 had the largest percentage of persons with a different usual address five years ago with 50.8%

### Queensland

- 1,958,914 persons usually resided in the same address as five years ago
- 1,815,132 persons (or 45.0%) usually resided in a different address five years ago

**Table 9 Place of usual residence five years ago<sup>(a)</sup> by SA2, Custom region and Queensland, 2011**

## Country of birth

Country of birth has been derived from the 2011 Census of Population and Housing question 'In which country was the person born?'. This is based on persons by place of usual residence.

The top five English speaking backgrounds and non-English speaking backgrounds for Custom region were:

English Speaking	Non-English Speaking
1. United Kingdom, Channel Islands and Isle of Man (3.7%)	1. Germany (0.4%)
2. New Zealand (2.6%)	2. Philippines (0.3%)
3. South Africa (0.6%)	3. Netherlands (0.3%)
4. United States of America (0.3%)	4. Thailand (0.1%)
5. Canada (0.2%)	5. India (0.1%)

### Custom region

- 3,401 persons (or 10.4%) were born overseas
- Within the region, Yeppoon SA2 had the largest number of persons born overseas with 1,997
- Within the region, Yeppoon SA2 had the largest percentage of persons born overseas with 12.2%

### Queensland

- 888,636 persons (or 20.5%) were born overseas

**Table 10 Country of birth by SA2, Custom region and Queensland, 2011**

## Proficiency in spoken English

Proficiency in spoken English has been derived from the 2011 Census of Population and Housing question 'How well does the person speak English?', if the person speaks a language other than English at home. This topic relates to persons who stated they were born overseas as at Census Night 2011. This is based on overseas-born persons by place of usual residence.

The top five non-English languages spoken at home for the total population of Custom region were:

### Language spoken

1. German (0.3%)
2. Southeast Asian Austronesian (0.2%)
3. Chinese (0.1%)
4. Japanese (0.1%)
5. Thai (0.1%)

### Custom region

- 597 persons (or 17.5%) stated they spoke a language other than English at home
- Within the region, Yeppoon SA2 had the largest number of overseas-born persons who stated they spoke a language other than English at home with 361
- Within the region, Glenlee - Rockyview SA2 had the largest percentage of overseas-born persons who stated they spoke a language other than English at home with 31.3%

### Queensland

- 319,949 persons (or 36.0%) stated they spoke a language other than English at home

**Table 11 Proficiency in spoken English of overseas-born persons by SA2, Custom region and Queensland, 2011**

## Religious affiliation

Religious affiliation has been derived from the 2011 Census of Population and Housing question asking 'What is the person's religion?' This is based on persons by place of usual residence.

The top five religious affiliations for Custom region were:

### Religious affiliation

1. Catholic (25.2%)
2. No Religion (20.6%)
3. Anglican (20.2%)
4. Uniting Church (8.0%)
5. Presbyterian and Reformed (4.4%)

### Custom region

- 21,627 persons (or 66.4%) stated they were affiliated with a Christian religion
- Within the region, Glenlee - Rockyview SA2 had the largest percentage of persons who stated they were affiliated with a Christian religion with 67.2%

### Queensland

- 2,785,084 persons (or 64.3%) stated they were affiliated with a Christian religion

**Table 12 Religious affiliation by SA2, Custom region and Queensland, 2011**

## Family composition

In the context of the 2011 Census of Population and Housing, families are classified in terms of the relationships that exist between a single family reference person and each other member of that family. The family composition variable distinguishes between different types of families based on the presence or absence of couple relationships, parent-child relationships, child dependency relationships or other familial relationships, in that order of preference. This is based on families by place of usual residence.

The percentage of total families in Custom region which were couple families with children was

# 40.4%

### Custom region

- 8,825 families
- 40.4% of total families were couple families with children
- Within the region, Yeppoon SA2 had the largest number of couple families with children with 1,733
- Within the region, Yeppoon SA2 had the largest percentage of one-parent families with 15.5%

### Queensland

- 1,148,179 families
- 42.8% of total families were couple families with children

**Table 13 Family composition<sup>(a)</sup> by SA2, Custom region and Queensland, 2011**

## Household composition

In the context of the 2011 Census of Population and Housing, a household is defined as one or more persons, at least one of whom is at least 15 years of age, usually resident in the same private dwelling. Household composition describes the type of household within a dwelling, whether a family is present or not and whether or not other unrelated household members are present. This is based on occupied private dwellings.

The percentage of one family households in Custom region was

# 74.1%

### Custom region

- 11,370 households
- 74.1% of total households were one family households
- Within the region, Shoalwater Bay SA2 had the largest percentage of one family households

### Queensland

- 1,547,304 households
- 70.7% of total households were one family households

**Table 14 Household composition by SA2, Custom region and Queensland, 2011**

## Dwellings by dwelling structure

In general terms, a dwelling is a structure which is intended to have people live in it, and which is habitable on Census Night. The dwelling structure variable classifies the structure of private dwellings enumerated in the 2011 Census of Population and Housing. This information is determined by the Census collector and is based on occupied private dwellings.

The percentage of total occupied private dwellings in Custom region which were separate houses was

# 87.4%

### Custom region

- 9,938 occupied private dwellings (or 87.4%) were separate houses
- Within the region, Yeppoon SA2 had the largest number of separate houses with 4,896
- Within the region, Yeppoon SA2 had the largest percentage of apartments with 10.2%

### Queensland

- 1,215,303 occupied private dwellings (or 78.5%) were separate houses

**Table 15 Occupied private dwellings<sup>(a)</sup> by dwelling structure and SA2, Custom region and Queensland, 2011**

## Dwellings by tenure type

In general terms, a dwelling is a structure which is intended to have people live in it, and which is habitable on Census Night. The tenure type variable describes whether a household rents or owns the dwelling in which they were enumerated on Census Night 2011, or whether the household occupies it under another arrangement. This is based on occupied private dwellings.

The percentage of total occupied private dwellings in Custom region which were fully owned was

# 35.1%

### Custom region

- 3,986 occupied private dwellings (or 35.1%) were fully owned
- Within the region, Yeppoon SA2 had the largest number of fully owned dwellings with 1,857
- Within the region, Yeppoon SA2 had the largest percentage of rented dwellings with 34.0%

### Queensland

- 448,617 occupied private dwellings (or 29.0%) were fully owned

**Table 16 Occupied private dwellings<sup>(a)</sup> by tenure type and SA2, Custom region and Queensland, 2011**

(b) Includes dwellings being purchased under a rent/buy scheme.

(c) Includes renting from a real estate agent, state housing authority, person not in the same household, housing co-op/community/church, other and not stated.

(d) Includes dwellings being occupied under a life tenure scheme.

(e) Includes tenure type not stated.

Source: ABS, Census of Population and Housing, 2011, Basic Community Profile - B32 (occupied private dwellings)

## Homeless persons

Homelessness is a lack of one or more elements that represent 'home'. When a person does not have suitable accommodation alternatives, the ABS defines someone as homeless if their current living arrangement:

- is a dwelling that is inadequate,
- has no tenure, or if their initial tenure is short and not extendable, or
- does not allow them to have control of, and access to, space for social relations.

These counts are based on place of enumeration.

### Custom region

- 146 homeless persons
- 44.0 homeless persons per 10,000 persons
- Within the region, Rockhampton Region - North SA2 had the highest rate of homelessness (93.6 persons per 10,000 persons)

### Queensland

- 19,834 homeless persons
- 44.5 homeless persons per 10,000 persons

The rate of homeless persons for Custom region in 2011 was

**44.0 per 10,000  
persons**

**Table 17 Homeless persons by SA2, Custom region and Queensland, 2011**

Custom region / SA2 / State	Homeless persons		Total persons

## Number of motor vehicles per dwelling

The number of motor vehicles variable records the number of registered motor vehicles, which are owned or used by members of a household, and which are garaged or parked near the occupied private dwelling on Census Night 2011. This is based on occupied private dwellings by place of enumeration.

The percentage of dwellings in Custom region with 3 or more motor vehicles was

# 20.9%

### Custom region

- 5.4% of dwellings had no motor vehicles
- 20.9% of dwellings had 3 or more motor vehicles
- Within the region, Yeppoon SA2 had the highest percentage of dwellings which had no motor vehicles with 7.7%
- Within the region, Glenlee - Rockyview SA2 had the highest percentage of dwellings which had 3 or more motor vehicles with 36.6%

### Queensland

- 7.2% of dwellings had no motor vehicles
- 17.3% of dwellings had 3 or more motor vehicles

**Table 18 Number of motor vehicles per occupied private dwelling (a)(b) by SA2, Custom region and Queensland, 2011**

## Internet connection

The type of Internet connection has been derived from the 2011 Census of Population and Housing question '*Can the Internet be accessed at this dwelling?*'. This is based on occupied private dwellings by place of enumeration.

The percentage of total occupied private dwellings in Custom region with an internet connection was

# 76.0%

### Custom region

- 8,635 occupied private dwellings (or 76.0%) had Internet connections
- Within the region, Yeppoon SA2 had the largest number of dwellings with Internet connections with 4,538
- Within the region, Emu Park SA2 had the largest percentage of dwellings without Internet connections with 24.0%

### Queensland

- 1,211,884 occupied private dwellings (or 78.3%) had Internet connections

**Table 19 Internet connections in occupied private dwellings<sup>(a)(b)</sup> by SA2, Custom region and Queensland, 2011**

## Department of Social Services payments

The Department of Social Services (DSS) is the Australian Government's lead agency in the development and delivery of social policy, and is working to improve the lifetime wellbeing of people and families in Australia. The data in this profile topic are sourced from the DSS Payment Demographic dataset and are updated quarterly. The next planned update is in August 2017.

The number of recipients of the Age pension in Custom region as at December quarter 2016 was

# 4,318 recipients

### Custom region

- 4,318 recipients of the Age pension as at December quarter 2016
- The number of recipients of the Disability support pension was not available
- 1,440 recipients of Newstart allowance
- Within the region, Yeppoon SA2 had the largest number of recipients of Newstart allowance with 781 recipients

### Queensland

- 488,349 recipients of the Age pension as at December quarter 2016
- 157,051 recipients of the Disability support pension
- 172,100 recipients of Newstart allowance

**Table 20 Department of Social Services payments<sup>(a)</sup> by SA2, Custom region and Queensland, December quarter 2016**

## Early childhood education and care services

The early childhood education and care services data are based on administrative data supplied by the Department of Education and Training. Data in this profile topic are updated twice yearly with an approximate delay of 1 month after the reporting period. The next planned update is in September 2017.

The number of early childhood education and care services in Custom region as at 28 February 2017 was

# 11 services

### Custom region

- 11 early childhood education and care services as at 28 February 2017
- 4 long day care services
- Within the region, Yeppoon SA2 had the largest number of services with 9

### Queensland

- 3,038 early childhood education and care services as at 28 February 2017
- 1,499 long day care services

**Table 21 Early childhood education and care services by SA2, Custom region and Queensland, 28 February 2017**

## Australian Early Development Census (AEDC)

The AEDC is a national collection of information about how children are developing prior to school. Every three years, teachers complete an instrument for each child in Prep. The AEDC instrument encompasses five domains of early childhood development which are predictors of a child's health, education and social outcomes. The five domains are:

- physical health and wellbeing
- social competence
- emotional maturity
- language and cognitive skills
- communication skills and general knowledge.

The AEDC reports whether children are on track, at risk or developmentally vulnerable across each of the five domains. Children that are developmentally vulnerable demonstrate much lower than average competencies in that domain.

### Custom region

- Data for Custom region are not available

### Queensland

- 26.1% developmentally vulnerable children in one or more domains in 2015
- 14.0% developmentally vulnerable children in two or more domains in 2015
- The physical health and wellbeing and social competence domain had the largest percentage of developmentally vulnerable children (12.4%)

The percentage of developmentally vulnerable children in two or more domains in Custom region in 2015 was

**not available**

**Table 22 Developmentally vulnerable children by domain by SA2, Custom region and Queensland, 2015**

## Highest level of schooling

Highest year of school completed has been derived from the 2011 Census of Population and Housing question 'What is the highest year of primary or secondary school the person has completed?'. This information is based on persons aged 15 years and over who are no longer attending primary or secondary school, by place of usual residence.

The percentage of total persons in Custom region with highest level of schooling as year 11 or 12 was

# 44.6%

### Custom region

- 11,065 persons (or 44.6%) with highest level of schooling of year 11 or 12 (or equivalent)
- Within the region, Yeppoon SA2 had the largest percentage of whose highest level of schooling was year 11 or 12 (or equivalent) with 48.2%
- Within the region, Shoalwater Bay SA2 had the largest percentage whose highest level of schooling was year 8 or below (or did not go to school) with 30.0%

### Queensland

- 1,836,995 persons (or 55.3%) with highest level of schooling of year 11 or 12 (or equivalent)

**Table 23 Highest level of schooling completed by SA2, Custom region and Queensland, 2011**

## Non-school qualification

Non-school qualification information describes the highest non-school qualification (e.g. bachelor degree, diploma) completed as stated in the 2011 Census of Population and Housing. This information is based on persons aged 15 years and over by place of usual residence.

The percentage of persons in Custom region with a non-school qualification was

# 51.9%

### Custom region

- 13,536 persons (or 51.9%) with a non-school qualification
- Within the region, Glenlee - Rockyview SA2 had the largest percentage of persons with a non-school qualification with 56.1%

### Queensland

- 1,875,323 persons (or 54.2%) with a non-school qualification

## Non-school qualification by field of study

Non-school qualification information describes the highest non-school qualification (e.g. bachelor degree, diploma) completed as stated in the 2011 Census of Population and Housing. This information is based on persons aged 15 years and over by place of usual residence.

The largest non-school qualification field of study in Custom region was

**Engineering and Related Technologies (20.3%)**

### Custom region

- 2,748 persons (or 20.3%) with a non-school qualification studied in the field of Engineering and Related Technologies
- 1,632 persons (or 12.1%) with a non-school qualification studied in the field of Management and Commerce

### Queensland

- 314,629 persons (or 16.8%) with a non-school qualification studied in the field of Engineering and Related Technologies
- 310,801 persons (or 16.6%) with a non-school qualification studied in the field of Management and Commerce

## Vocational education and training students

Vocational education and training (VET) provides skills and knowledge for work. VET is undertaken in a wide range of subject areas and skill levels, and is provided by schools, technical colleges, technical and further education (TAFE) institutes, universities and various other providers. Data on VET students are collected by the National Centre for Vocational Education Research (NCVER) from these training providers. Data in this profile topic are updated annually with an approximate delay of 12 months after the reporting period. The next planned update is in December 2017.

### Custom region

- 2,217 VET students in 2015
- 51.4% of total VET students commenced
- Within the region, Emu Park SA2 had the largest percentage of commencing students with 55.9%
- Within the region, Rockhampton Region - East SA2 had the largest percentage of continuing students with 51.1%

### Queensland

- 297,013 VET students in 2015
- 62.2% of total VET students commenced

The number of VET students in Custom region in 2015 was

# 2,217 students

## Persons with a profound or severe disability

Persons with a profound or severe disability has been derived from the 2011 Census of Population and Housing variable 'Core activity need for assistance'. Persons with a profound or severe disability are defined as needing help or assistance in one or more of the three core activity areas of self-care, mobility and communication because of a long term health condition (six months or more), a disability (lasting six months or more), or old age. This is based on persons by place of usual residence.

The percentage of persons in Custom region in need of assistance with a profound or severe disability was

# 4.2%

### Custom region

- 1,374 persons (or 4.2%) in need of assistance with a profound or severe disability
- Within the region, Shoalwater Bay SA2 had the highest percentage of persons in need of assistance with a profound or severe disability with 25.0%
- Within the region, Glenlee - Rockyview SA2 had the lowest percentage of persons in need of assistance with a profound or severe disability with 2.3%

### Queensland

- 192,019 persons (or 4.4%) in need of assistance with a profound or severe disability

## Voluntary work

Voluntary work undertaken for an organisation or group has been derived from the 2011 Census of Population and Housing question 'In the last twelve months did the person spend any time doing voluntary work through an organisation or group?' The variable is based on persons aged 15 years and over by place of usual residence.

### Custom region

- 5,035 persons (or 19.3%) undertook voluntary work
- Within the region, Shoalwater Bay SA2 had the largest percentage of persons who undertook voluntary work with 42.9%

### Queensland

- 645,543 persons (or 18.7%) undertook voluntary work

The percentage of persons in Custom region who undertook voluntary work was

**19.3%**

## Aged care services

Information on aged care services are provided by the Commonwealth Department of Health and Ageing. Information are based on the location of the service, rather than the region in which the service is delivered. In some instances, aged care services may have provided the address information of their approved provider in place of the address information of the individual aged care service. Users should be aware of this limitation when using these data. Aged care services are subsidised by the Australian Government under the Aged Care Act 1997. Data in this profile topic are updated annually with an approximate delay of 12 months after the reporting period. The next planned update is in November 2017.

The number of aged care service operational places in Custom region as at 30 June 2016 was

# 310 places

### Custom region

- 6 aged care services as at 30 June 2016
- 310 aged care service operational places
- Within the region, Emu Park SA2 had the largest number of aged care service operational places with 171

### Queensland

- 954 aged care services as at 30 June 2016
- 51,145 aged care service operational places

**Table 30 Aged care services by SA2, Custom region and Queensland, 30 June 2016**

## Emergency services, schools and hospitals

Information on emergency services, schools and hospitals are provided by administrative custodian agencies. Data in this profile topic are updated every two years. The next planned update is in September 2017.

### Custom region

- 16 schools as at 30 June 2015
- 2 hospitals
- Within the region, Yeppoon SA2 had the largest number of schools with 7

### Queensland

- 1,796 schools as at 30 June 2015
- 276 hospitals

As at 30 June 2015, the number of schools in Custom region was

# 16 schools

## The Index of Relative Socio-Economic Disadvantage

Socio-Economic Indexes for Areas (SEIFA) is a summary measure of the social and economic conditions of geographic areas across Australia. SEIFA, which comprises a number of indexes, is generated by ABS from the Census of Population and Housing. In 2011 an Index of Relative Socio-Economic Disadvantage was produced, ranking geographical areas in terms of their relative socio-economic disadvantage. The index focuses on low-income earners, relatively lower education attainment, high unemployment and dwellings without motor vehicles. Low index values represent areas of most disadvantage and high values represent areas of least disadvantage. This is based on persons by place of usual residence.

### Custom region

- 11.6% in least disadvantaged quintile
- 10.0% in most disadvantaged quintile
- Within the region, Glenlee - Rockyview SA2 had the largest percentage of persons in the least disadvantaged quintile with 60.2%

### Queensland

- 20.0% in least disadvantaged quintile
- 20.0% in most disadvantaged quintile

The percentage of persons in Custom region in the least disadvantaged quintile was

# 11.6%

**Table 32 Population by Index of Relative Socio-Economic Disadvantage quintiles<sup>(a)</sup> by SA2, Custom region and Queensland, 2011**

## Remoteness

The Australian Bureau of Statistics develops the Remoteness Area (RA) classification each Census period using the University of Adelaide's Accessibility/Remoteness Index of Australia classification (ARIA+) mean scores. Data in this profile topic are updated every five years with an approximate delay of 18 months after the reporting period.

The most populated remoteness area in Custom region in 2011 was

# Inner Regional Australia

### Custom region

- 0.0% of the population were in major cities
- 0.0% of the population were in very remote Australia
- Inner Regional Australia had the largest percentage of population with 93.8%

### Queensland

- 61.6% of the population were in major cities
- 1.3% of the population were in very remote Australia

**Table 33 Population<sup>(a)</sup> in remoteness areas<sup>(b)</sup> by SA2, Custom region and Queensland, 2011**

## Reported offences

The number and rates of reported offences are collected by the Queensland Police Service. Data in this profile topic are updated annually. The next planned update is in December 2017.

The rate of total reported offences for Custom region in 2015–16 was

**5,760 per 100,000 persons**

### Custom region

- 2,168 reported offences in 2015–16, or 5,760 per 100,000 persons
- 144 offences against the person, or 383 per 100,000 persons
- 851 offences against property, or 2,261 per 100,000 persons
- Within the region, Yeppoon SA2 had the highest number of reported offences with 1,379 or 7,305 per 100,000 persons

### Queensland

- 476,813 reported offences in 2015–16, or 9,856 per 100,000 persons
- 30,690 offences against the person, or 634 per 100,000 persons
- 205,583 offences against property, or 4,250 per 100,000 persons

## Selected medians and averages

These selected medians and averages have been derived by using data based on the 2011 Census of Population and Housing and may not reflect medians that have been derived by administrative data and published in other profile topics. Where applicable, these estimates are based on place of usual residence.

The median total personal income for Custom region was

**not available**

### Custom region

- Median mortgage repayment was not available
- Average household size was not available
- Within the region, Glenlee - Rockyview SA2 had the highest median weekly family income with \$1,993 per week

### Queensland

- Median mortgage repayment of \$1,850 per month
- Average household size of 2.6 persons per dwelling

**Table 35 Selected medians and averages by SA2, Custom region and Queensland, 2011**

Custom region / SA2 / State	Median / Average					
	Median mortgage repayment	Median total family income	Median total household income	Median total personal income	Average household size	Average number of persons per bedroom

## Median rent

Median rent estimates have been derived by Queensland Treasury using rental bond lodgements sourced by the Residential Tenancies Authority (RTA). Medians are only calculated where there are 10 or more lodgements over the 12 month period. Data in this profile topic are updated quarterly with an approximate delay of 3 months after the reporting period. The next planned update is in July 2017.

The number of lodgements in Custom region for a 3 bedroom house in the 12 months ending 31 March 2017 was

# 382 lodgements

### Custom region

- 256 lodgements for a 2 bedroom flat/unit in the 12 months ending 31 March 2017
- 382 lodgements for a 3 bedroom house
- Within the region, Rockhampton Region - North SA2 had the highest median rent per week for a 3 bedroom house (\$330)

### Queensland

- Median rent of \$350 per week for a 2 bedroom flat/unit in the 12 months ending 31 March 2017
- Median rent of \$350 per week for a 3 bedroom house

**Table 36 Lodgements and median rent by dwelling type by SA2, Custom region and Queensland, 12 months ending 31 March 2017**

## Total personal income

Total personal income has been derived from the 2011 Census of Population and Housing question 'What is the total of all wages/salaries, government benefits, pensions, allowances and other income a person usually receives?'. Median total personal income estimates incorporate medians calculated by both ABS and Queensland Treasury. The variable is based on persons aged 15 years and over by place of usual residence.

The median total personal income in Custom region was

**\$29,463 per year**

### Custom region

- Median total personal income of \$29,463 per year
- Within the region, Glenlee - Rockyview SA2 had the highest median total personal income with \$37,100 per year
- Within the region, Shoalwater Bay SA2 had the lowest median total personal income with \$19,067 per year

### Queensland

- Median total personal income of \$30,524 per year

**Table 37 Total personal income by SA2, Custom region and Queensland, 2011**

## Total family income

Total family income is the sum of the total personal incomes of each family member present in the household on 2011 Census Night. Family income only applies to classifiable families in occupied private dwellings. Low-income families have been defined as families in occupied private dwellings whose family income was less than \$600 per week or less than \$31,200 per year. Median total family income estimates incorporate medians calculated by both ABS and Queensland Treasury.

The median total family income in Custom region was

**\$74,382 per year**

### Custom region

- 1,258 low-income families (14.3%)
- Median total family income of \$74,382 per year
- Within the region, Glenlee - Rockyview SA2 had the highest median total family income with \$103,611 per year
- Within the region, Shoalwater Bay SA2 had the lowest median total family income with \$48,100 per year

### Queensland

- 149,707 low-income families (13.0%)
- Median total family income of \$75,556 per year

**Table 38 Total family income by SA2, Custom region and Queensland, 2011**

## Unemployment and labour force

Estimates of unemployment and labour force are produced by the Australian Government Department of Employment. The estimates are calculated by utilising administrative data such as Centrelink Newstart and Youth Allowance (Other) recipients as well as ABS labour force estimates. Data in this profile topic are updated quarterly with an approximate delay of 3 months after the reporting period. The next planned update is in June 2017.

The unemployment rate in Custom region at December quarter 2016 was

# 5.3%

### Custom region

- 983 unemployed persons in December quarter 2016
- Unemployment rate of 5.3%
- Within the region, Emu Park SA2 had the highest unemployment rate of 8.6%
- Within the region, Glenlee - Rockyview SA2 had the lowest unemployment rate of 1.5%

### Queensland

- 154,184 unemployed persons in December quarter 2016
- Unemployment rate of 6.1%

**Table 39 Unemployment and labour force<sup>(a)</sup> by SA2, Custom region and Queensland, December quarter 2016**

## Employment by industry

Employment by industry has been derived from the 2011 Census of Population and Housing data. A person's industry of employment was classified based on responses to a range of questions from the Census and is applicable to persons aged 15 years and over who work. This is based on place of usual residence.

### Custom region

- 10.7% of employed persons worked in Construction industry
- 10.3% of employed persons worked in Retail trade industry
- Highest specialisation ratio of 3.16 in Mining industry

### Queensland

- 11.9% of employed persons worked in Health care and social assistance industry
- 10.7% of employed persons worked in Retail trade industry

The top five industry subdivisions of employment for Custom region were:

1. **Preschool and School Education (6.7%)**
2. **Coal Mining (6.1%)**
3. **Construction Services (6.1%)**
4. **Other Store-Based Retailing (5.4%)**
5. **Food and Beverage Services (5.1%)**

**Table 40 Employment by industry, Custom region and Queensland, 2011**

Industry	Custom region		Queensland		Specialisation ratio

## Employment by occupation

Employment by occupation has been derived from the 2011 Census of Population and Housing data. A person's occupation of employment was classified based on responses to a range of questions from the Census and is applicable to persons aged 15 years and over who work. This is based on place of usual residence.

The top five occupation sub-major groups of employment for Custom region were:

1. Sales Assistants and Salespersons (6.2%)
2. Automotive and Engineering Trades Workers (5.3%)
3. Education Professionals (5.0%)
4. Machine and Stationary Plant Operators (5.0%)
5. Hospitality, Retail and Service Managers (4.4%)

### Custom region

- 17.9% of employed persons worked in Technicians and trades workers occupation
- 15.5% of employed persons worked in Professionals occupation
- Highest specialisation ratio of 1.49 in Machinery operators and drivers occupation

### Queensland

- 18.9% of employed persons worked in Professionals occupation
- 14.9% of employed persons worked in Technicians and trades workers occupation

**Table 41 Employment by occupation, Custom region and Queensland, 2011**

Occupation	Custom region		Queensland		Specialisation ratio
	number	%	number	%	number
Managers	1,800	12.2	245,605	12.0	1.01
Professionals	2,281	15.5	385,583	18.9	0.82
Technicians and trades workers	2,635	17.9	304,564	14.9	1.20

## Families with children with no parent employed

Families with children with no parent employed have been derived from the 2011 Census of Population and Housing data and defined as either one parent families where the parent was either unemployed or not in the labour force or couple families where both parents were either unemployed or not in the labour force. This is based on families with children under 15 years of age.

### Custom region

- 399 families with children under 15 years of age and no parent employed (12.2%)
- Within the region, Emu Park SA2 had the highest percentage of families with no parent employed (15.1%)

### Queensland

- 62,171 families with children under 15 years of age and no parent employed (13.5%)

The percentage of families with children under 15 years of age and no parent employed in Custom region was

**12.2%**

**Table 42 Families with children with no parent employed, Custom region and Queensland, 2011**

# Industry and development

## Building approvals

Information on building approvals are compiled by the ABS, and are collected from sources such as local government authorities and other principal certifying authorities. The estimates for any month may be revised or corrected in later months. This can occur as a result of corrections made by a provider of data, the late provision of approval records and, occasionally, by approvals being identified after construction work has commenced. Data in this profile topic are updated monthly with an approximate delay of 2 months after the reporting period. The next planned update is in June 2017.

The number of new houses approved in Custom region in the 12 months ending 31 March 2017 was

# 140 approvals

### Custom region

- 140 approved new houses in the 12 months ending 31 March 2017
- \$51.8 million of building value in residential building approvals
- Within the region, Yeppoon SA2 had the largest value of residential building approvals with \$34.0 million
- Within the region, Yeppoon SA2 had the largest value of non-residential building approvals with \$12.5 million

### Queensland

- 23,765 approved new houses in the 12 months ending 31 March 2017
- \$13,825.0 million of building value in residential building approvals

**Table 43 Residential and non-residential building approvals by SA2, Custom region and Queensland, 12 months ending 31 March 2017**

## Residential dwelling sales

Residential dwelling sales data are sourced from the Queensland Valuation and Sales (QVAS) database as collected and maintained by the Queensland Department of Natural Resources and Mines. Medians are only calculated where there are ten or more sales over the time period. All figures are preliminary and are subject to further revision. Data in this profile topic are updated quarterly with an approximate delay of 6 months after the reporting period. The next planned update is in June 2017.

The highest median sale price in Custom region in the 12 months ending 30 September 2016 was

**Glenlee - Rockyview  
SA2  
\$487,000**

### Custom region

- 631 residential dwelling sales in the 12 months ending 30 September 2016
- A median sale price has not been calculated for Custom region
- Within the region, Glenlee - Rockyview SA2 had the highest median sale price with \$487,000

### Queensland

- 111,757 residential dwelling sales in the 12 months ending 30 September 2016
- Median sale price of \$435,000

**Table 44 Residential dwelling sales by SA2, Custom region and Queensland, 12 months ending 30 September 2016**

## New house and vacant land sales

New house and vacant land sales data are sourced from the Queensland Valuation and Sales (QVAS) database as collected and maintained by the Queensland Department of Natural Resources and Mines. Medians are only calculated where there are ten or more sales over the time period. All figures are preliminary and are subject to further revision. Data in this profile topic are updated quarterly with an approximate delay of 6 months after the reporting period. The next planned update is in June 2017.

The highest median sale price for a new house in Custom region in the 12 months ending 30 September 2016 was

**Yeppoon SA2**  
**\$432,650**

### Custom region

- 18 new house sales in the 12 months ending 30 September 2016
- A median new house sale price has not been calculated for Custom region
- 189 vacant land sales
- A median vacant land sale price has not been calculated for Custom region
- Within the region, Yeppoon SA2 had the highest median new house sale price with \$432,650
- Within the region, Yeppoon SA2 had the highest median vacant land sale price with \$174,000

### Queensland

- 3,303 new house sales in the 12 months ending 30 September 2016
- 15,863 vacant land sales
- Median new house sale price of \$458,000
- Median vacant land sale price of \$229,500

**Table 45 New house and vacant land sales by SA2, Custom region and Queensland, 12 months ending 30 September 2016**

## Residential lot registrations

Lot registrations data provide an indication of the volume of new lots developed and intended for residential purposes. Once a subdivisional plan has been certified by local government, it is lodged with the Department of Natural Resources and Mines (DNRM) for registration of title. For more information refer to the [Residential land development activity profiles](#).

Data in this profile topic are updated quarterly with an approximate delay of 6 months after the reporting period. The next planned update is in June 2017.

The number of residential lot registrations in Custom region in the 12 months ending 30 September 2016 was

# 186 registrations

### Custom region

- 186 residential lot registrations in the 12 months ending 30 September 2016
- 159 urban residential lot registrations
- Within the region, Yeppoon SA2 had the largest number of residential lot registrations with 167

### Queensland

- 33,131 residential lot registrations in the 12 months ending 30 September 2016
- 31,683 urban residential lot registrations

**Table 46 Residential lot registrations by SA2, Custom region and Queensland, 12 months ending 30 September 2016**

## Business counts by employment size

Information on counts of registered businesses is produced by the ABS and presents counts of businesses sourced from the Australian Bureau of Statistics Business Register (ABSBR). Data in this profile topic are updated annually with an approximate delay of 9 months after the reporting period. The next planned update is in March 2018.

The number of businesses in Custom region in 2015–16 was

# 2,787 businesses

### Custom region

- 780 businesses (or 28.0%) employed 1 to 4 employees in 2015–16
- Within the region, Emu Park SA2 had the highest percentage of businesses employing 1 to 4 employees with 30.7%
- Within the region, Yeppoon SA2 had the highest percentage of businesses employing 20 to 199 employees with 2.6%

### Queensland

- 112,759 businesses (or 26.5%) employed 1 to 4 employees in 2015–16

**Table 47 Registered businesses by employment size and SA2, Custom region and Queensland, 2015–16**

# Environment

## Protected areas – parks and forest estate

Protected areas are derived from a spatial dataset sourced from the Queensland Department of National Parks, Recreation, Sport and Racing. While a relatively small area of national park is below mean sea level, data presented in this table are based on areas located above mean sea level. Areas are based on a GIS calculated spherical area and not the official gazetted area. GIS calculations reference the latitude/longitude projection and are based on the Geocentric Datum of Australia 1994 (GDA 94). Data in this profile topic are updated every two years. The next planned update is in June 2017.

### Custom region

- Protected area of 756.6 km<sup>2</sup> as at 2015
- Largest protected area estate type of State Forests with 465.1 km<sup>2</sup>
- Within the region, Rockhampton Region - North SA2 had the largest protected area with 452.5 km<sup>2</sup>

### Queensland

- Protected area of 123,542.3 km<sup>2</sup> as at 2015
- Largest protected area estate type of National Parks with 91,116.5 km<sup>2</sup>

The total protected area within Custom region as at 2015 was

# 756.6 km<sup>2</sup>

**Table 50 Protected areas - park and forest estate by SA2, Custom region and Queensland, 2015**

Custom region / SA2 / State	National Park <sup>(a)</sup>	State Forest	Timber Reserve	Forest Reserve	Total
	— area (km <sup>2</sup> ) —				
<b>Custom region</b>	<b>291.4</b>	<b>465.1</b>	<b>0.0</b>	<b>0.0</b>	<b>756.6</b>
Emu Park	0.6	0.0	0.0	0.0	0.6
Glenlee - Rockyview	6.0	0.0	0.0	0.0	6.0

## Profile explanatory notes

### Australian Statistical Geography Standard (ASGS)

A geographical framework covering all spatial areas of Australia and its external territories. The ASGS was developed by the ABS to allow statistics from different collections to be spatially comparable. The ASGS replaced the Australian Standard Geographical Classification (ASGC).

### Average annual growth rate

It is calculated as a percentage using the formula below, where  $P_0$  is the population at the start of the period,  $P_n$  is the population at the end of the period and  $n$  is the length of the period between  $P_n$  and  $P_0$  in years.

$$\left[ \left( \frac{P_n}{P_0} \right)^{\frac{1}{n}} - 1 \right] \times 100$$

For example, to calculate the average annual rate of population change from 2002 to 2012,  $n$  is ten,  $P_0$  is the population in 2002 and  $P_n$  is the population in 2012.

### Cell confidentialisation

This profile utilises two types of data confidentialisation.

1. Source data confidentialisation - This refers to datasets that have been confidentialised by the data custodians. For example census data supplied by the ABS have small cell counts of 1 or 2 confidentialised to 0 or 3 and a small random adjustment made to all data to avoid any risk of releasing identifiable information. Caution should therefore be used when interpreting data where the cell count is small.
2. Concordance confidentialisation - This refers to datasets that have been concorded to a new geography and the resulting cell count is small. No reliance should be placed on these cell counts and as such have been confidentialised. Tables utilising this type of confidentialisation will report the cell as less than a specific value (for example <5).

### Census 2011 data

Census data have 'introduced random error' to ensure no data are released which could risk identifying individuals. As such, cells containing very small counts should be treated with extreme caution.

### Census undercount

Due to the size and complexity of the Census of Population and Housing, whenever a Census is conducted it is inevitable that some people will be missed and some will be counted more than once. After each Census, the Australian Bureau of Statistics conduct a Post Enumeration Survey to estimate the number of people who should have been counted in the Census and the actual Census counts. It is important to note, that all Census data reported in this profile do not have any adjustments made for Census undercount and readers should keep this in mind when making inferences from the data.

### Concordances and concorded data

A concordance, in statistical terms, is a product that allows a user to convert data from one geographical region (under which data have been collected) to a new geographical region. In order to convert data from one geographical boundary to another, each region in the new boundary is assigned percentages of data from the old regions. These percentages in the concordance can be constructed using any number of variables. This profile utilises a population-based concordance (estimated resident population) at a specific point in time (2011). This type of concordance is useful when concording demography-based datasets such as labour force and family composition on a usual resident basis with time periods at or around 2011. It does not work as well when concording data on different counting methods (such as counts by place of work), non-population based datasets (such as business counts), or datasets collected at different time periods (such as data collected in 2001). Caution should therefore be used when interpreting non-resident based datasets that have been concorded.

One major assumption that is necessary when concording data is that the data (for example unemployed persons) are proportionately distributed across the region the same as total resident population (as total resident population is the variable used to derive the percentage splits). In some cases, this assumption will not be entirely correct. In the example of unemployed persons, within the region there may be more concentrated areas with a larger proportion of unemployed persons. This assumption should therefore be considered when interpreting datasets that have been concorded.

### Queensland

Queensland figures include the 'Migratory - Offshore - Shipping' and 'No Usual Address' counts.

### Region overview

Statistics in the profile overview have been derived from administrative geographical boundaries and the Bureau of Meteorology.

### Rounding

Figures are rounded to nearest whole number. Calculations (such as percentages and rates) are based on pre-rounded figures.

### Specialisation ratio

The ratio of the percentage for the Custom region to the percentage for Queensland. A specialisation ratio above 1.00 indicates Custom region has a larger share for that category than in Queensland. Similarly a specialisation ratio below 1.00 indicates Custom region has a smaller share for that category than in Queensland.

### Statistical Area Level 2

Statistical Area Level 2s (SA2s) (2016) are small areas, approximately suburb size, with a population range of between 3,000 to 25,000 persons, and have an average population of about 10,000 persons. There are 528 SA2 regions that cover the state.

## Topic explanatory notes

### Aged care services

#### Community care services

Community care services provide home-based care for older people wanting to remain living independently in their own home improving their quality of life and helping them to remain active and connected to their own communities. The figures here include Mainstream Packaged Care places provided by Community Aged Care Package (CACP), Extended Aged Care at Home (EACH), and Extended Aged Care at Home Dementia (EACHD) services, and Flexible Care places provided in a community setting by Multi-Purpose Services (MPS), Innovative Care, Consumer Directed Care (CDC), and National Aboriginal and Torres Strait Islander Aged Care (NATSI) Services.

#### Residential aged care

Residential Aged Care provides a range of supported accommodation services for older people who are unable to continue living independently in their own homes. The figures here include Mainstream Residential Aged Care places provided by Residential Aged Care Services (RACS), and Flexible Care places provided in a Residential setting by Multi-Purpose Services (MPS), and National Aboriginal and Torres Strait Islander Aged Care (NATSI) Services.

#### Transition care

Transition care program provides a package of services to enable older people after a hospital stay to return home rather than prematurely enter residential care. The program also gives older people and their families and carers time to consider long-term care arrangements.

## Australian Early Development Census (AEDC)

### Confidentialisation

Suppression of AEDC data also occurs when one or more of the following have not been met:

- Fewer than 15 children had valid AEDC scores
- Less than two teachers had completed AEDC checklists for children in that location
- AEDC checklists were completed for less than 80% of all non special needs children

Additional minor suppressions have occurred where necessary to preserve confidentiality of related suppressed cells. Whilst some regions have had results suppressed, some SA2s have been included in neighbouring regions. This list includes:

- Albion included in Windsor
- Aurukun included in Cape York
- Carole Park included in Camira - Gaiies
- Croydon - Etheridge included in Tablelands
- Fortitude Valley included in New Farm
- Lake Manchester - England Creek included in Lowood
- Lamb Range included in Kanimbla - Mooroolool
- Mackay Harbour included in Andergrove - Beaconsfield
- Magnetic Island included in Belgian Gardens - Pallarenda
- Main Beach included in Surfers Paradise
- Mount Coot-tha included in The Gap
- New Chum included in Collingwood Park - Redbank
- Palm Island included in Ingham Region
- Wooroonooran included in Babinda

### Developmentally 'vulnerable'

The baseline cut-off from the 2009 AEDC data collection to represent 'vulnerable' apply to all future data collections. In 2009 children who scored below the 10th percentile (in the lowest 10 per cent) of the national population were classified as vulnerable. If more children are doing better nationally in 2012 than in 2009, then fewer than 10 per cent of children will be vulnerable in 2012.

### Developmentally vulnerable on one or more domain/s

The percentage of children in the community who have at least one AEDC domain score/s below the 10th percentile.

### Developmentally vulnerable on two or more domain/s

The percentage of children in the community who have at least two AEDC domain scores below the 10th percentile.

### Domain: Communication skills and general knowledge

This domain measures a child's communication skills and general knowledge.

### Domain: Emotional maturity domain

This domain measures a child's pro-social and helping behavior, anxious and fearful behavior, aggressive behavior and hyperactivity and inattention.

### Domain: Language and cognitive skills domain

This domain measures a child's basic literacy, interest in literacy/numeracy, memory and basic and advanced literacy.

### Domain: Physical health and wellbeing domain

This domain measures a child's physical readiness for the school day, physical independence and gross and fine motor skills.

### Domain: Social competence domain

This domain measures a child's overall social competence, responsibility and respect, approaches to learning and readiness to explore new things.

## Births and deaths

### Births

Births data are based on the number of births registered during a calendar year by place of usual residence of the mother. This is different to the number of births which occurred during a calendar year. For further information on the differences between estimates of registered births and births occurring in a time period, refer to ABS website (cat. no. 3301.0).

As a result of changes in the timeliness of registration of births in Queensland, care should be taken when interpreting changes in Queensland births between 2006 and 2010. This lag has reduced in recent years, indicating potential improvements in the timeliness of registration of births in Queensland. The December quarter 2009 also saw the Queensland Registry of Births, Deaths and Marriages devoting significant time and resources to follow-up and finalise birth registrations where there was previously incomplete information. As part of the Retrospective Births Project, 1,780 births were registered, with approximately 40% registered as Aboriginal and Torres Strait Islander births (see paragraph 40 of cat. no. 3301.0 explanatory notes for more information). This project is now complete.

### Deaths

Deaths data are based on the number of deaths registered during a calendar year by place of usual residence of the deceased. This is different to the number of deaths which occurred during a calendar year. For further information on the differences between estimates of registered deaths and deaths occurring in a time period, refer to ABS website (cat. no. 3302.0).

## Business counts

It is not currently possible to account for those businesses which operate out of multiple locations, other than at their main location. This is particularly relevant for larger businesses, which commonly establish outlets in several or all states and many regions across Australia. The reason for this is that data pertaining to individual business locations are not currently available from the Australian Bureau of Statistics Business Register. Users should therefore be aware of this limitation when using counts of businesses included in this table.

## Business counts by industry

Based on Australian and New Zealand Standard Industrial Classification (ANZSIC), 2006 edition.

The 'Not classified' industry division is accurate at the time of release of data. Further refinements to this group will be made in subsequent releases, but will not be reflected in these counts.

## Country of birth

Based on the most common Country of Birth responses (excluding Australia) reported in the 2006 Census.

## Department of Social Services payments

Data are extracted at a point in time, usually towards the end of the quarter.

### Confidentialisation

Cell counts under 5 have been suppressed for confidentiality purposes.

### Age pension

Age pension is a support payment for people who have reached the qualifying age. From 1 July 2013, the qualifying age for both men and women is 65 years. From 1 July 2017 the age pension qualifying age will progressively increase for non-veterans from 65 years to 67 years, reaching 67 years in 2023.

Age pension recipients have the choice of having their age pension paid by either the Department of Human Services (DHS) or the Department of Veterans' Affairs (DVA). DHS pays the vast majority of age pensions. The data in this report only includes data for the DHS customers.

### Carer allowance

A Carer allowance is a supplementary payment for carers who provide daily care and attention at home for a person with a disability, severe medical condition or who is frail and aged.

### Disability support pension

A Disability support pension (DSP) is an income support payment for people who are unable to work for 15 hours or more per week at or above the relevant minimum wage, independent of a program of support due to permanent physical, intellectual or psychiatric impairment. A DSP claimant must be aged 16 years or over and under Age pension age at date of claim, however once in receipt of DSP, a person can continue to receive DSP beyond Age pension age.

### Family tax benefit part A

Family tax benefit (FTB) was introduced to help with the cost of raising children. FTB part A is the most common payment to help with the cost of raising children and is paid per child. It includes a supplement per child that becomes payable after the end of the financial year. FTB part B gives extra assistance to single-parent families and to couple families where one income is low. It is paid on a per family basis and includes a supplement that becomes payable after the end of the financial year. FTB part A and B are income tested on family income.

### Newstart allowance

Newstart allowance is the major payment for unemployed people who are aged 22 years and over, but under the qualifying age for the age pension. Recipients must satisfy the activity test by seeking work or participating in an activity designed to improve their employment prospects. Data include recipients who are determined to be current (i.e. entitled to be paid) on the Centrelink payment system and are not in receipt of CDEP participation supplement or a zero rate of payment.

## Emergency services, schools and hospitals

### Fire stations

Does not include Rural Fire Brigade.

### Hospitals

Includes both private and public hospitals. Excludes public dental and psychiatric facilities.

### Police stations

Does not include Police Beats.

### Schools

Includes both private and public schools and centre types of associated facility, campus, community school, non-state school, special campus, special school, specific purpose school, state high school and state school.

## Employment by industry

### Employment by industry

Based on Australian and New Zealand Standard Industrial Classification (ANZSIC), 2006 edition.

### Industry subdivision

The industry subdivision refers to the 2-digit industry classification from the Australian and New Zealand Standard Industrial Classification (ANZSIC), 2006 edition.

## Employment by occupation

### Employment by occupation

Based on Australian and New Zealand Standard Classification of Occupations (ANZSCO), 2006 edition (Revision 1).

### Occupation sub-major group

The occupation sub-major group refers to the 2-digit occupation classification from the Australian and New Zealand Standard Classification of Occupations (ANZSCO), 2006 edition (Revision 1).

## Homeless persons

The prevalence estimates of homelessness cover usual residents in Australia on Census night and do not include:

- overseas visitors,
- people who were enumerated in offshore, shipping or migratory regions,
- people on an overnight journey by train or bus, and
- people enumerated in Other territories.

## Median age

Median estimates have been calculated by the ABS and Queensland Treasury.

## Median rent

Medians for regions with less than 10 lodgements in the 12 month period have not been reported.

Median rents do not include lodgements listed with \$0 rent.

Rental bonds data published by QGSO may not be directly comparable with data published by the Residential Tenancies Authority (RTA) due to geocoding of Rental Bonds data by QGSO and updates to bond records, including where additional bond forms are processed by RTA after quarterly data are supplied to QGSO.

## Medians and averages

### Average household size

Applicable to number of persons usually resident in occupied private dwellings. It includes partners, children, and co-tenants (in group households) who were temporarily absent on Census Night. A maximum of three temporary absentees can be counted in each household. It excludes 'Visitors only' and 'Other non-classifiable' households.

### Average number of persons per bedroom

Applicable to occupied private dwellings. It excludes 'Visitors only' and 'Other non-classifiable' households.

### Median mortgage repayment

Applicable to occupied private dwellings being purchased and includes dwellings being purchased under a rent/buy scheme. It excludes 'Visitors only' and 'Other non-classifiable' households.

### Median total family income

Applicable to families in family households. It excludes families where at least one member aged 15 years and over did not state an income and families where at least one member aged 15 years and over was temporarily absent on Census Night.

### Median total household income

Applicable to occupied private dwellings. It excludes households where at least one member aged 15 years and over did not state an income and households where at least one member aged 15 years and over was temporarily absent on Census Night. It excludes 'Visitors only' and 'Other non-classifiable' households.

### Median total personal income

Applicable to persons aged 15 years and over.

## New house and vacant land sales

Vacant residential land have been defined as vacant - large house sites, vacant urban land and vacant rural land between 140m<sup>2</sup> and 2,500m<sup>2</sup> within planning zones. New house and land have been defined as a single unit dwelling or dwelling large house site on a newly registered block of land between 140m<sup>2</sup> and 2,500m<sup>2</sup>. All reporting periods are based on the contract date and not the settlement date.

## Non-school qualification by field of study

Excludes persons with a qualification out of the scope of the Australian Standard Classification of Education (ASCED).

## Non-school qualification by sex and age

Excludes persons with a qualification out of the scope of the Australian Standard Classification of Education (ASCED).

## Population projections

Population projections are based on a medium series.

## Proficiency in spoken English

Based on the most common Language Spoken at Home responses reported in the 2006 Census for Australia.

## Reported offences

The reference date for reported offences is the date an offence is reported to or detected by police. Data are based on the location in which the offence occurred. Rates are calculated using the Estimated Resident Population (ERP) as at 30 June of the reported financial year. The ERP for the latest year has been linearly extrapolated using the change between the previous two years.

### Offences against the person

The offence division of offences against the person includes the following offence sub-divisions: homicide (murder); other homicide; assault; sexual offences; robbery; and other offences against the person.

### Offences against property

The offence division of offences against property includes the following offence sub-divisions: unlawful entry with intent; arson; other property damage; unlawful use of motor vehicle; other theft (excluding unlawful entry); fraud; and handling stolen goods.

### Other offences

The offence division of other offences includes the following offence sub-divisions: drug offences; prostitution offences; liquor (excluding drunkenness); gaming, racing and betting offences; breach of domestic violence protection orders; trespassing and vagrancy; weapons act offences; good order offences; stock related offences; traffic and related offences; and miscellaneous offences.

## Residential dwelling sales

Medians are only calculated where there are ten or more sales over the time period.

### Attached dwellings

Attached dwellings include multi-unit dwellings (flats), building units or group titles within planning zones.

### Detached dwellings

Detached dwellings include single unit dwellings or large house sites.

### Residential dwelling sales

Residential dwelling sales include both new and established dwellings and all reporting periods are based on the contract date and not the settlement date.

## Residential lot registrations

Lot registration is the final stage in the development of new residential lots, and it is only after the title is registered that a lot legally exists. Lot registrations data provide an indication of the volume of new lots developed and intended for residential purposes.

The Queensland Government Statistician's Office applies a range of filters to DNRM's computer inventory of survey plans data, such as parcel size and zoning information, to extract the lots registered for residential purposes. 'Urban residential' lots include standard lots typically for detached houses (60m<sup>2</sup> to <2,500m<sup>2</sup>) and lots under community titles schemes for units and townhouses. For this monitoring program, 'low density residential' lots are defined as standard lots between 2,500m<sup>2</sup> and 5 hectares in size.

## Total family income

Median total family income estimates incorporate medians calculated by both ABS and Queensland Treasury. Medians are only calculated where there were five or more total families. Median calculation excludes families where at least one member aged 15 years and over did not state an income and families where at least one member aged 15 years and over was temporarily absent on Census Night.

## Total personal income

Median total personal income estimates incorporate medians calculated by both ABS and Queensland Treasury.

## Unemployment and labour force

Small Area Labour Force data have been generated from a Structure Preserving Estimation (SPREE) methodology using ABS and Centrelink data. As such these estimates can exhibit considerable variability and care should be taken when interpreting these values. For further information on these data, refer to the Australian Government Department of Employment website.
