Working smoke alarms

Provide vital early warning in the event of a fire. When people are asleep, they can't smell smoke. Smoke alarms are essential to wake people if a fire breaks out; they give occupants early warning and time to evacuate safely.

So replace your battery and check its working

We are excited that we now have over 80 countries participating in Pay it Forward Day with over 100 state and city proclamations.

Pay It Forward Day is a global initiative that exists to make a difference by creating a huge ripple of kindness felt across the world. Of course, our hope is that people pay kindness forward every day and make each day that little bit brighter. We believe that small acts, when multiplied by millions of people can literally change the world for the better — and on April 28th we'll set out to prove it! For this year's International Pay it Forward Day (PIFD) we are aiming to inspire over 10 million acts of kindness around the world. Imagine the difference that would make! Join us in paying it forward, and help spread the word about this important day!

What you can do !

- Pay for someone's cup of coffee
- Get the next person food, toll, petrol, etc
- Help someone out in need
- Host pay it forward activity in your office
- Give blood
- Donate to a worthwhile cause

The need for connection and community is primal, as fundamental as the need for air, water, and food.

We have all known the long loneliness, and we have found that the answer is community.

The importance of recycling

Australia alone uses 6.9 billion plastic bags a year of which 3.6 billion are plastic shopping bags. If you tied 6.9 billion plastic bags together end on end they would travel around the world 42.5 times. Australians dump 36,700 tones of plastic bags into our landfill every year. That equates to 4,000 bags a minute or 230,000 per hour. Only 10% of Australians take their plastic bags for recycling. If you imagine a piece of plastic 1m wide. As a conservative guestimate, a length of this plastic 40km long is produced each day and this is for one brand of toilet paper packaging. For bread you can triple the length (120km long).

If each Australian family used one less plastic shopping bag a week, there would be 253 million less bags used per year.

- Recover valuable resources through recycling at home.
- Paper, cardboard, glass, metal cans and tins and plastic containers can be recycled in your yellow-lid wheelie bin that is provided by Council.
- Recycle plastic shopping bags at the Coles Supermarket located in the Keppel Bay Plaza. The designated bin is located outside of the store entrance.
- Recycle organic waste, such as fruit and vegetable scraps, by using a compost bin, worm farm or bokashi bin, or by feeding leftover food scraps to pets or chickens.
- Purchase products made from recycled content and help close the loop on recycling by supporting the recycled product market.

Investigate how you might recycle the many other types of household items, such as electronic waste and household appliances. Find what materials can be recycled at Council's waste facilities or through specialist services in the community.

Have you become isolated from your family, sometimes from conflict or just not having time. Don't forget a quick phone call or text can make a huge difference in someone's life.

Do you need to find a new activity to meet new people?

Call 4913 3840 if you would like to join any social groups to help fill your days.

Moneycare, Salvation Army

Will be facilitating financial preparedness workshops this year in the Livingstone Shire, with dates to be advised as venues are booked. Moneycare has produced a new training resource on how to prepare financially for future natural disasters. The workshops are based on the book resource 'Planning for The Unplanned'. This book includes a comprehensive listing of how to prepare financially for an unplanned event. The free workshops will also be an opportunity for people to learn and ask questions in an informal setting.

If anyone would like to register to attend a future workshop or would like the workshop presented to their group in the Livingstone region, please don't hesitate to contact me, phone 0478313636 or kris.palmer@salvationarmy.org.au
